New EIS SCREEN - FSSP

Effective 4/15/03, EIS will display Family Self-sufficiency Plans (FSSPs) created in the Case Management System (CMS).

The new FSSP screen includes all the information entered by workers in CMS. Because the FSSP contains a great deal of information, it may be necessary to page down through several FSSP screens to view all the data entries.

The attached document illustrates the configuration and function of the new screen.

For system-related questions, please contact the [DPA EIS Helpdesk](#).
